Period for Reply -- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 25 February 2009.
- 2a) ☒ This action is **FINAL**. 2b) ☐ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

Disposition of Claims

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 44-49 are rejected under 35 U.S.C. 102(b) as being anticipated by EP 325941.

The reference discloses polyisocyanates and their reaction with polyester/polyacrylate polyols to yield polyurethanes, wherein the polyisocyanates have contents of uretidinedione groups and biuret groups that are considered to meet applicants' claims. See entire document, especially abstract and examples.

3. Within the response of February 25, 2009, applicants have argued that they have reviewed the reference, including the examples, and have been unable to find a disclosure of (1) a composition comprising at least one trimer having a biuret function and (2) a composition comprising at least one uretidinedione isocyanate dimer and at least one trimer having a biuret function. Applicants argue that absent such teachings, the reference cannot anticipate the claims. In response, firstly, it is noted that applicants' independent claims do not require both of the aforementioned compositions (1) and (2); the claims are directed to a composition corresponding to only composition (2) above. Accordingly, applicants' statement with respect to what the reference is required to disclose is not understood in light of the claims. Secondly, the position is taken that applicants have defined trimers as containing isocyanurate and/or biuret units. This disclosure is set forth at page 14, lines 35+ of applicants' specification. In view of the alternative language, "or", it appears clear that applicants contemplate that biuret groups are trimer groups, because no other interpretation of the disclosed language would make sense. For example, if

applicants contemplate that the trimers must contain at least isocyanurate groups, then it is unclear how to interpret the alternative language. Therefore, the meaning of “trimers” being established, the position is taken that the examples of the reference disclose compositions containing both uretidinedione groups and biuret trimer groups in amounts that satisfy the claims.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
